

Meeting of Sztehlo children in Budavar
May 31, 2003

We waited the Meeting with great expectation to meet the son of Gábor Sztehlo, Gabriel S. Sztehlo (for many „Gabsi”) and his wife Janine. Sorry to say, but Gabsi suffered myocardial infarct before coming and undergone a bypass operation. So, our meeting just became somehow bitter. The only consolation was the presence of Janos Finta, director of the Sztehlo Gábor General School in Gic who brought and shown us the video film prepared at the Sztehlo day (May 29 2003) and wreathed the memorial plaque of Gábor Sztehlo together with Balint Fuzeki.
